## My Story

I was asked to participate in a Lemon-AID Stand for the Robin Hood Foundation of NYC back in August of 2018. The money raised would help feed, shelter, and heal those in need. It was such a great experience, so with the help of my parents, I decided to make this an annual event. All proceeds go to a different local charity each year. Last year, I chose two great organizations, Brady's Smile and Charlotte's Web of Prayer. They both help children in the hospital with life-threatening and terminal illnesses, and their families by giving them financial, spiritual and emotional support. I was invited to have a small version of my lemonade stand at Charlotte's Web of Prayer's Annual Golf Tournament in June. It was such a great day! To learn more about these organizations, please go to their website:

In addition to the lemonade stand, we also have lemon scented candles! These candles are made locally and available now as well as on the day of my charity event. The suggested donation for the candles is \$20.00. All proceeds will go to benefit this year's recipients.

Thank you very much for helping with my special project. I hope to see you at this year's lemonade stand! If you can't make it, but would like to support me, you can send a check to my address or Venmo to @DanielleGrayBieling. Please reach out to my mom, Danielle for more information at 203-216-1334.

## 2023 Recipients

This year I chose 2 local organizations to equally receive the money I raise from my lemonade stand. Kevin's Afterglow and Operation Hope both in Fairfield.

Kevin's Afterglow is a charity created by James and Kristen Kuczo in memory of their son Kevin that passed away suddenly in 2021 at the age of 17. The mission of Kevin's Afterglow is to teach kids kindness, empathy, and the ability to listen to others, to give to others, educate parents and children on mental health, help address the pediatric mental health crisis, and to get people to TALK.

Operation Hope is a charity that provides individuals and families the opportunity to experience transformative change. By addressing basic needs for food and shelter, as well as offering long-term solutions to hunger and homelessness, including affordable housing, life skills training and personalized clinical support, they help people reach their potential in an environment where compassion inspires dignity and hope. They envision a time when every person in our community has supportive relationships, hope for the future, and a place to call home.
